Web-based programs for all of your tracking needs

What is TPRI Tracker?

TPRI Tracker is a web-based program that allows teachers to enter data collected while giving TPRI to K-3 students. This software determines the “Developed” and “Still Developing” status and calculates the fluency rate for each student.

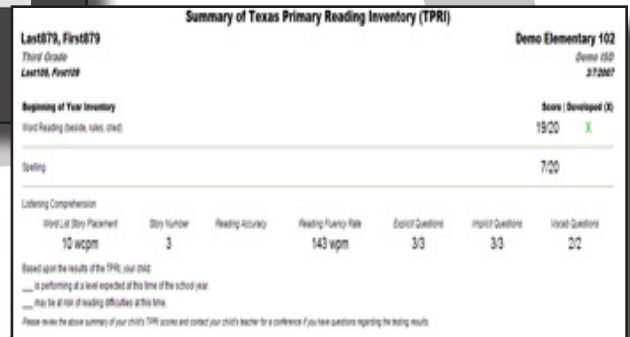

Class Summary

Student Name	Sequencing		Inventory						Listening Reading Comprehension							
	Sequencing 4	Sequencing 5	Task 1	Task 2	Task 3	Task 4	Task 5	Task 6	Task 7	Task 8	Story #	Correct Level	Reading Fluency Rate	Correct Questions	Incorrect Questions	Visual Questions
ADR, ADR																
BEN, BEN																
JAT, JAT																
Student, Target																

While developing TPRI, DMAC worked with TEA and the University of Texas Health Science Center at Houston to secure a copyright agreement. This allowed DMAC to create a user interface that exactly matches the format of the data collection sheet from the TPRI kits.

TEJAS LEE TRACKER

Tejas Lee Tracker is a web-based program for accumulating and analyzing Tejas Lee data. Tejas LEE Tracker has all the features of TPRI Tracker.
